

# Bloomfield Township Clerk's Office

## 2024 Facts & Figures

### Ballots Cast by Type

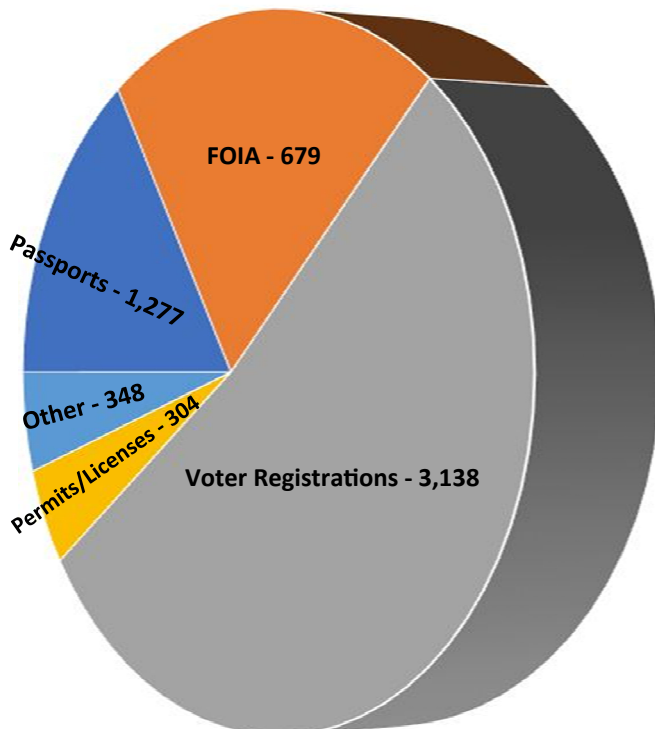

Each election is the largest event that occurs in our Township. Nearly 50,000 residents participated in 2024 elections!

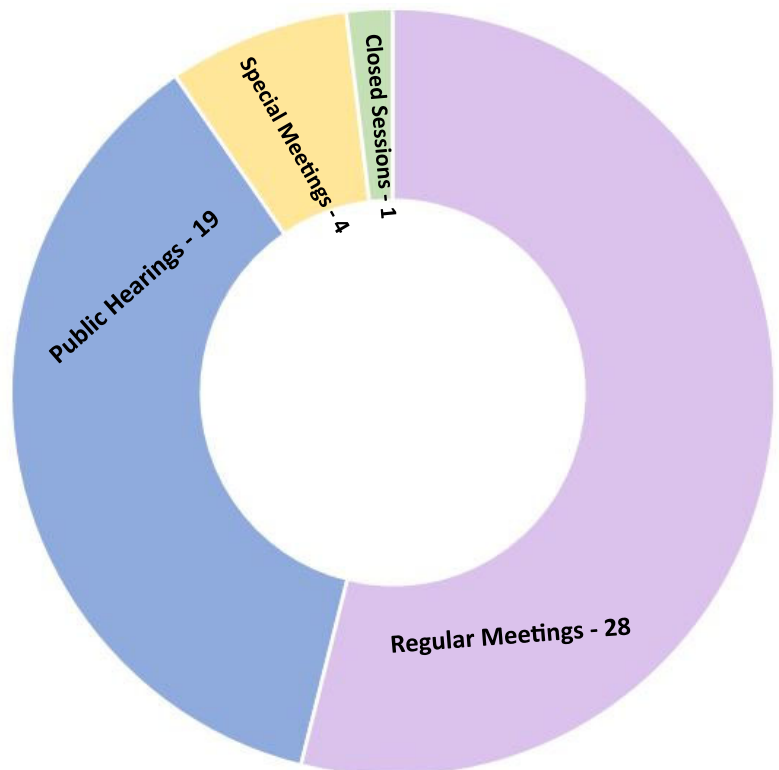

While elections are our top priority, the Clerk's Office must always continue its other roles, such as secretary to the Board of Trustees, FOIA, passports, and various permits and licenses.

A special project, which we initiated in 2024, is to digitize nearly 200 years of Township records and to retain them as electronic records in a document management system. These steps will increase Township efficiency and facilitate increased public access to Township records.
